UNMATCHED RANGE OF PRODUCTS
Only FloTool® provides all of the tools to make the DIY oil change process easy ... from heavy duty ramps, to filter and drain plug wrenches, to oil drains, to funnels. And only FloTool can tailor your planogram with innovative step-up solutions that make vehicle maintenance easier for DIY’ers ... keeping your consumers satisfied and coming back for more!

INTEGRATED SHIPPING
Starting in 2013, vehicle ramps and drain containers will be available in our Emporia, Kansas distribution center, giving you the opportunity to combine these items with all of our product lines shipped from Emporia.

For high volume customers, direct shipping of products manufactured in our Miami, Oklahoma location will still be available and will provide the lowest cost for vehicle ramps and drain containers.

ALWAYS THE RIGHT BRAND
There is an intense battle for brand loyalty for oil, oil filters and antifreeze. FloTool is always compatible, regardless of your consumer’s brand allegiance. Never lose a sale by having the wrong brand ... FloTool is always the right choice.

www.FloTool.com
A new and improved structural design combined with super strong material makes the RhinoRamps® as strong as any other ramps on the market, resin or metal.

**Nestability**
The unique, nestable design not only saves space in the consumer’s garage, but more pieces on a pallet means saving space in the warehouse, on the truck and on the retail shelf.

**Better by Design**
Our integrated Core-Trac™ non-skid feet reduce sliding during use while an improved tread pattern and wide design make these the most secure ramps on the market. The ramp design also works for low profile vehicles … something many other ramps don’t!

- Makes mower maintenance easy
- Provides 6” of lift
- Gripping points for use on concrete or grass

**LIFT YOUR SALES AND YOUR CUSTOMERS’ SATISFACTION**

Easy Lift Rider Ramps™ make mower maintenance easy. Their patent pending curved design allows the consumer to roll up onto the ramps rather than lifting the mower up onto blocks. Equipped with skid resistant rubber feet and molded in teeth for use on concrete or in the yard. A structurally sound, stackable design allow these ramps to hold up to 500 pounds and also take up less space on the retail shelf. Increase sales by placing a floor display next to your riding mowers.
TAKE THE SLIP OUT OF OIL CHANGES

The patent pending GRIPTECH™ family of wrenches uses a non-slip grip that is superior to traditional oil change tools.

This innovative grip allows the wrench to firmly grab the oil filter and remove it easily, quickly and without scrapes and bruises. Making the oil change easier can increase demand for DIY oil changes. That’s exactly what GRIPTECH delivers.

**10617GT**
Adjustable 3-Prong Wrench

- Self adjusts to filter
- Fits oil filters 2 3/8" to 3 3/4" (60mm to 95mm) in diameter

**10621GT**
Swivel Handle Small Band Wrench

- 6 pcs.
- Remove oil filters in hard to reach areas
- Fits oil filters 2 7/8" to 3 5/16" (73mm to 85mm) in diameter

**10622GT**
Swivel Handle Medium Band Wrench

- 6 pcs.
- Remove oil filters in hard to reach areas
- Fits oil filters 3 3/8" to 3 3/4" (85mm to 95mm) in diameter

DRAIN FLUIDS WITH EASE

Simple Drain
Low cost drain pans are the most versatile drain because they will work for all types of vehicles. They are great for catching the fluid, but then must be transferred to a container to be taken to the recycle center.

Drain And Contain
Step consumers up from a basic drain pan to a higher quality, higher retail drain container. Containers not only capture the fluid, but double as a transportation device to the recycling center.

Super-Duty Series
Introducing the FloTool Super-Duty Series of drain containers. The giant 58 Quart and NEW 24 Quart Drain are specifically designed for larger vehicles and farm equipment that go beyond typical drain containers. Built FloTool tough and guaranteed not to leak! Ideal for a serious DIY or farm/ag customer.

42008MI
58 Quart Drain Container™

1 pc. OPEN STOCK 42008MI
- Large capacity for multiple oil changes or commercial use
- Can be stored upright or flat
- Built-in wheels aid in maneuverability

* Tools not included

• Heavy gauge steel
• Large size - 25” x 36”
• No Spills, No Mess!
STEP UP TO HIGHER PROFITS

**High Performance**
The ultimate funnel incorporates best in class features AND helps the consumer get the job done quickly and easily. Our high performance funnels include no-mess splash guards, easy grip hand holds, speed channels and wide spout openings for high velocity pouring. Simply put, these funnels set the standard for fluid handling performance.

**Task-Specific**
FloTool has been the leader in developing high margin funnels that are specific to certain tasks, making the fluid handling easier for the consumer. These include measuring and mixing, gasoline control, transmission fluid and more. Task specific products generate higher sales for you and higher satisfaction for the consumer.

**Multi-Purpose**
Our multi-purpose funnels include valuable step-up features like the no-mess splash guard or flexible spout to get to hard to reach filler holes. These middle price point items are essential step-ups for most planograms.

**Basic**
Basic funnels provide essential fluid handling benefits, usually bought by the budget-oriented consumer for small engine applications.

- Adjustable flow
- No Spills, No Mess™

**10107B/12**

No Spill Oil Spout™

- Twist on, twist off
- No Spills, No Mess™
- Adjustable built-in valve

**10119**

Super Flexi-Spout™

- Works great for hard to reach areas
- Dual threading fits most quart and gallon containers
- Perfect for adding motor oil, anti-freeze, transmission and windshield washer fluid
A six foot siphon with squeeze bulb is the most common siphon at retail today and the FloTool Super Siphon moves liquids up to 44% faster and is 4x easier to operate than other similar siphons. Don’t be fooled by low cost imitations that are often nearly impossible to operate and become unusable in cold temperatures. If a high quality, value priced item is what you are looking for, the Hopkins Super Siphon is it.

Our Economy Siphon will easily transfer liquids and is perfect for the budget oriented consumer, while our step-up Shaker Siphon can make short work of a large job by moving up to 3.5 gallons per minute.

FloTool’s line of fluid transfer items has now expanded to include the Multi-Purpose Transfer Pump. With the ability to easily siphon or pump any liquid and also be used as an air pump or blower, this multi-purpose tool is perfect for any set.

**10801 Shaker Siphon™**
- 6 pcs.
- Moves up to 3.5 gallons a minute
- 6 foot anti-static tube
- Perfect for home, auto, ranch, marine or farm

**10800 Super Siphon™**
- 6 pcs.
- Clear tube to view liquid flow
- Safe and easy to use
- Perfect for transferring all types of liquids

**10802 Economy Siphon™**
- 6 pcs.
- 6’ tube provides length for most jobs
- Easily transfers fluids
- Perfect for the budget oriented consumer

**10111 MixMizer® Injector**
- 6 pcs.
- Measure and mix only what is needed
- Complete with extension tube
- Ratio scale takes the guesswork out of mixing oil and gas

**Multiple Parts Hand-E Hauler™**
- Used for storage and transport of LP tanks and fuel cans
- Contains minor leaks and spills
- Anti-slip rubber feet and carpet grips

**50863MI 6+ Gallon Water Can**
- Six gallon, 64 ounce capacity
- Self venting spout
- Top handle and back grip for easy carrying and pouring

**10803 Multi-Purpose Transfer Pump™**
- 6 pcs.
- Lid with ports for attachments
- Clear tube to view liquid flow
- Safe and easy to use
- Perfect for transferring all types of liquids
Dirt and water are practically unavoidable in stored fuel, causing microbial growth, corrosive acids, electrolysis and rust. These contaminants can plug filters, corrode components, decrease efficient combustion and cause engine shutdown or system failure.

You can combat these problems by refueling with a Portable Fuel Filter. Protect your engine by using this innovative product every time you transfer fuel to your tank.

**CHOOSE THE PORTABLE FUEL FILTER WITH THE FLOW RATE BEST SUITED TO YOUR CUSTOMERS’ USE**

- Fill fuel at any angle
- Use with F3 model only

Unique Filter Technology

When fuel is poured through a Portable Fuel Filter, water and debris will not pass through the filter’s fluoropolymer-coated stainless steel filter. Only filtered fuel flows through to your engine, improving its efficiency, durability, and proper operation. The sump area collects the deflected water and debris for proper disposal.

www.FloTool.com
**FloTool High Performance Absorbent™**

FloTool High Performance Absorbent can absorb up to 8 times more liquid than traditional absorbents. The secret is how we heat-treat our wood fibers. It makes them far more effective than traditional clay and diatomaceous earth products. That’s why FloTool High Performance Absorbent is the best value for the consumer. Our absorbent can be used on oil, grease, lubricant, paint, water, and other fluids and is safe to use on most surfaces including concrete, blacktop, turf, carpet, linoleum, tile, and more.

**Cost To Absorb One Gallon of Oil**

- FloTool High Performance Absorbent™
  - Lowest Cost: $2
- Clay: $1
- Diatomaceous Earth: $1

**More Effective, Saves You Money!™**
